Problem & Opportunity

The Problem:

Charities in Saskatchewan face difficulty finding credible, accessible, and localized resources due to time, budget, and staffing constraints.

The Opportunity:

Design and develop a centralized online hub to support SSCF with:

- Reliable local resources
- Granting opportunities
- Educational tools
- Collaboration spaces

Our Customers

NorthStar Customer

- Non-profit and Charity Staff in Saskatchewan
- Small-to-Mid-Sized Community Organizations

Stakeholders

- SSCF Staff: Brooklyn Coulson (Digital Impact Officer) and Victor Roman Morrow (Director of Impact)
- Project Supervisor: Tim Maciag

Carryover Customers

- New Non-Profit Founders / Startups
- Donors and Philanthropists

Product Demo

Plugins Used

Spectra: Was used to enhancing page layouts with customizable pre-built blocks

Blockart: was used building fast, clean, and responsive websites for our dropdowns with drag-and-drop block controls

Elementor: Was used to create resources and events page for dynamic flow

Google Fonts: Was used to add Google Fonts library to WordPress

Google Analytics: to see the activities of the website

Thank you!
