Introduction

This project aims to create an accessible, centralized hub where Saskatchewan's registered charities and non-profit organizations can find credible, locally relevant resources to enhance their operations.

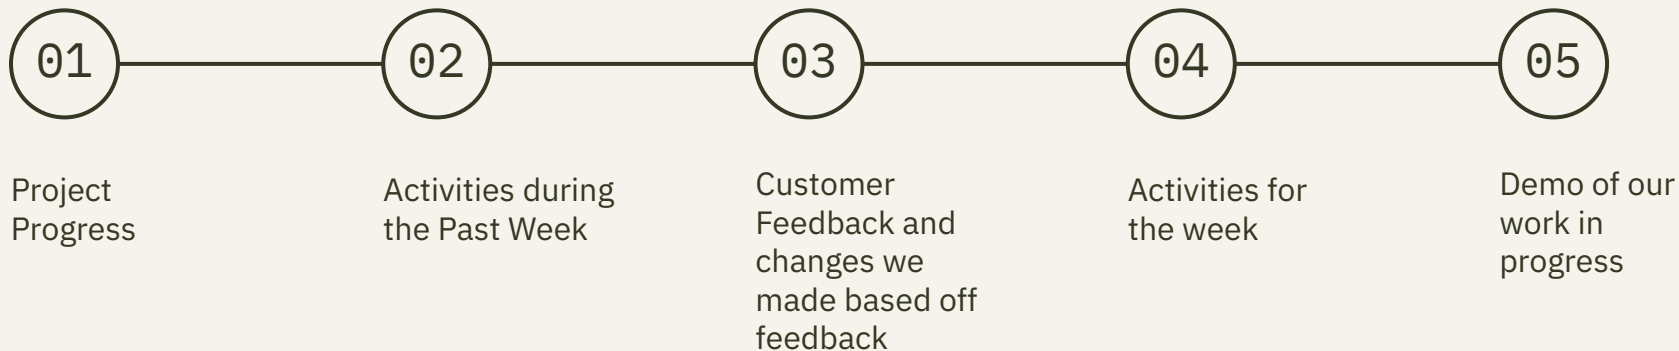

Projects Vision and Goals

- **Find information and best practices** on human resources, fundraising, grant writing, marketing, and governance.
- **Access locally relevant resources**, avoiding unreliable or inaccessible external sources.
- **Locate funding and grant opportunities** provided by SSCF and other institutions.
- **Engage in learning opportunities** such as webinars, training sessions, and recorded events.

02 Activities during the past week

Use the table to outline the activities done in the past week

Group members	Activity
Olly	Olly worked on designing and refining the Home and About pages, improving their layout and content.
Ebele	Ebele focused on developing the Storytelling and Networking pages, enhancing their content and engagement.
Luka	Luka worked on designing and optimizing the Events page for better clarity and usability.
Fairuz	Fairuz focused on designing and refining the Resources page to enhance its structure and accessibility.

Customer Feedback

- Remove “give to a cause button” in header, add it into about page
- Add title in the header of the page
- Events
 - Add a button that links you to the specific event
 - For Webinars, add more filters so people can search through (e.g grant writing, fundraising...)
- Search bar to the top right of the page

03 Customer Feedback

- 01 Too many clicks on “Resources” page
- 02 Some non-clickable navigation bar
- 03 Missing writing guides on the story-telling section
- 04 Ambiguous resource description

01 Too many clicks on “Resources” page

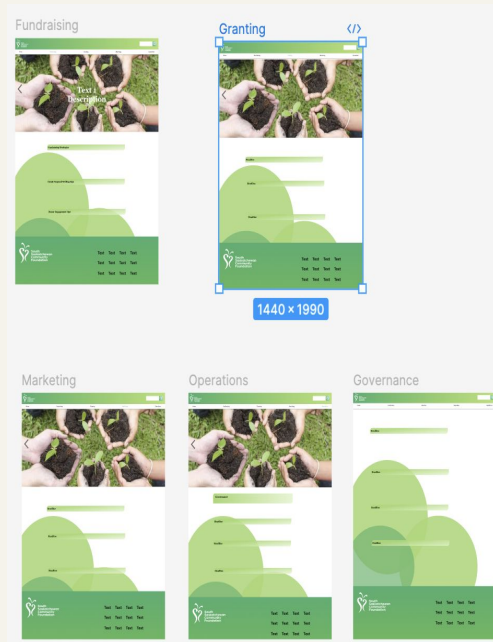

- The navigation system inside the page was confusing and difficult.
- Too many different ways to switch between pages

02 Some non-clickable navigation bar

03 Ambiguous resource description

04 Missing writing guides on the story-telling section

- The user expected this section to provide guidance on storytelling. Instead, it contained actual success stories.

Action Plan

- 01 Remove redundant navigation bar
- 02 Simplify the page by introducing a clear, consistent layout
- 03 Include a brief description on the main page and for each subsection.
- 04 Improve section description
- 05 Add separate clickable option for storytelling guide and example
